

CURRICULUM VITAE

First name: Garnik

Last name: Muradyan

Date of birth: 18.03.1990

Citizenship: Republic of Armenia

Status: Not Married

Address: 5/2 P. Sevak Street, Yerevan, 0014, Armenia

Contact: Mob: (+374) 98 279 818

E-mail address: garnik18390@bk.ru

EDUCATION

2007-2011 - Bachelor of Chemistry, Faculty of Chemistry, Yerevan State University

2011-2013 - Master of Chemistry, Department of Colloidal Solutions and Physical Chemistry, Faculty of Chemistry, Yerevan State University

2015-2020 - Ph.D in Chemistry, A.B. Nalbandyan Institute of Chemical Physics, NAS RA

RESEARCH & WORKING EXPERIENCE

2013-2014 - RA Armed Forces, Mechanized Infantry Battalion, Infantryman

2014-2020 - Junior researcher, A.B. Nalbandyan Institute of Chemical Physics, NAS RA

2021- to date - Researcher, A.B. Nalbandyan Institute of Chemical Physics, NAS RA

PROJECTS

2014 - "Obtaining alloys of transition metals with high hydrogen sorption properties using SHS and "Hydride Cycle" methods and application of nuclear methods to characterize their microstructures"

Grant **20DP-1D03**. Ministry of Science and Education of Republic of Armenia. Project Title: Development of SHS Technologies for Hydrides of Titanium, Zirconium and Their Intermetallic Compounds as High-Energy Additives or Components of Reactive Materials. **Investigator**. Period Covered: **2020-2022**.

Grant **21AG-2F059**. Ministry of Science and Education of Republic of Armenia. Project Title: Development of a Technological Process for the Synthesis of Multicomponent, Multifunctional Alloys of Refractory Metals and Intermetallic Compounds, Promising as Modern Construction Materials and Hydrogen Accumulators. **Co-principal Investigator**. Period Covered: **2021-2026**.

2022-2024 - "Synthesis of Applied (Commercial) Titanium Based Alloys by Hydride Cycle"

LANGUAGES

Armenian (native), Russian, English

COMPUTER SKILLS

Windows, Microsoft office, Corel Draw, etc.

PUBLICATIONS Articles

1. Muradyan G.N.// Peculiarities of Formation of Zirconium Aluminides in Hydride Cycle Mode. *Chemical Journal of Armenia*, 2016, v.69, №4, pp.416-427. [in Russian]

CONFER ENCES & SYMPOSIA

1. Muradyan G.N., Dolukhanyan S.K., Ter-Galstyan O.P., Mnatsakanyan N.L.// Formation of Zirconium Aluminides in Hydride Cycle Mode. IV International conference «Current problems of chemical physics». Yerevan, Armenia, 5-9 October, 2015.
2. Dolukhanyan S.K., Aleksanyan A.G., Ter-Galstyan O.P., Muradyan G.N., Mnatsakanyan N.L., Shekhtman V.Sh.// Formation of Aluminides in the Ti-Al-Nb System in Hydride Cycle. IV International conference «Current problems of chemical physics». Yerevan, Armenia, 5-9 October, 2015.
3. Dolukhanyan S.K., Muradyan G.N., Aleksanyan A.G., Ter-Galstyan O.P., Mnatsakanyan N.L., Hakobyan H.G.// Regularities and Mechanism of Formation of Aluminides in TiH₂-ZrH₂-Al System. XIV International symposium on self-propagating high temperature synthesis. Tbilisi, Georgia, 25-28 September, 2017.
4. Dolukhanyan S.K., Ter-Galstyan O.P., Aleksanyan A.G., Muradyan G.N., Mnatsakanyan N.L.// Regularities and Mechanism of Formation of Aluminides in the TiH₂-ZrH₂-Al System. V Scientific Conference of the Armenian Chemical Society: ArmCS-5. Yerevan, Armenia, 3-7 October, 2017.
5. Muradyan G.N., Dolukhanyan S.K., Aleksanyan A.G., Ter-Galstyan O.P., Mnatsakanyan N.L.// Peculiarities of Formation of Titanium and Zirconium Aluminides in Hydride Cycle Mode. V International conference «Current problems of chemical physics». Yerevan, Armenia, 25-29 September, 2018.
6. Lempert D.B., Soglasnova S.I., Dolukhanyan S.K., Muradyan G.N., Aleksanyan A.G.// Perspectives for Replacing Aluminum as an Energy Component of Rocket Propellants with a Mixture of Aluminum with Zirconium or Intermetallic Compounds of These Metals. VI Scientific Conference of the Armenian Chemical Society: ArmCS-6. Yerevan, Armenia, 7-11 October, 2019.
7. Muradyan G.N., Dolukhanyan S.K., Ter-Galstyan O.P., Mnatsakanyan N.L., Mnatsakanyan A.S.// Physical and Chemical Peculiarities of Formation of Aluminides of IV-V Groups Metals in Hydride Cycle. VI Scientific Conference of the Armenian Chemical Society: ArmCS-6. Yerevan, Armenia, 7-11 October, 2019.

RESEARCH SKILLS

Conceptualization, Methodology, Investigation, experimental analysis by Self-propagating High-temperature synthesis (SHS) and Hydride Cycle methods.

Synthesis and characterization of refractory metal hydrides, alloys, alloy's hydrides, Max Phase, etc.

X-ray, differential thermal analysis (DTA), etc.
