### EDUCATION

01.09.2012-30.05.2014

Master student in Chemistry, Department of Chemistry, Yerevan State University

01.09.2008-30.05.2012

BSc in Chemistry, Department of Chemistry, Yerevan State University.

### WORKING EXPERIENCE

01.11. 23-

Researcher, Institute of Chemical Physics of the NAS of RA

2014 – 2023

Chemical-analytical, << ARPIMED >> LLC

2010-2012

Junior Researcher, Institute of Chemical Physics of the NAS of RA

### Grants

2023

Bioinspired nacre-like architected high entropy MAX phases for renewable energy

2014

"Armenian educational foundation".

Scholarship

2013

"Armenian educational foundation".

Scholarship

2012

ARPA Institutional Innovation Competition,

II prize, Research grant

2009

<<Technological combustion and materials>>

Fund, Research grant

### AWARDS

2012

ARPA Institutional Innovation Competition,

II award certificate

2010

October YSU SSG conference

reporting certificate

### Conference and Symposium

1. II Scientific Conference of Armenian Chemical Society, "New materials and processes" October, 2010, Yerevan-Goris, Armenia.

2. "Current Problems of Chemical Physics" dedicated 50-year of the Institute of Chemical Physics NAS RA, 9-12 October, 2012, Yerevan, Armenia.

### **Scientific works**

1. L.E. Faryan, S.V. Aydinyan, Kh.V. Manukyan, S.L. Kharatyan, "Mo<sub>2</sub>C synthesis by direct reduction of ammonium heptamolybdate tetrahydrate in the combustion mode", Current Problems of Chemical Physics" dedicated 50-year of the Institute of Chemical Physics NAS RA, pp. 233-234, 9-12 October, 2012, Yerevan, Armenia.
